2020	Govt Girls High School, Sathupally — SSC	9.8 CGPA

Language Known

• Telugu | English | Hindi

TECHNICAL SKILLS

Python • Java • JavaScript • React • HTML5 • CSS3 • Tailwind CSS • Git/GitHub • MS Office

STRENGTHS

Problem-Solving • Communication • Leadership • Collaboration • Proactive Learning

PROJECTS

Mist Clubs – Student Activity Council Portal | React 19, TypeScript, Vite 6, Tailwind CSS v4, Motion, Lucide React

- Developed a responsive collegiate club network portal for student activities, competitions, registrations, events, notices, and achievements.
- Built club discovery, interactive event calendar, official circulars/gazette, online registrations with attendance-pass generation, and organizer dashboards.

LogicCode – Aptitude & Logical Reasoning Mastery Platform | React 19, TypeScript, Vite, Tailwind CSS v4, Motion, Lucide React, Node.js, Express

- Built a distraction-free platform for quantitative aptitude, logical reasoning, formula recall, and timed problem-solving. Developed timed formula tests, tiered Basic/Medium/Hard practice labs, MCQ/fill-in-the-blank workflows, and performance analytics.
- Engineered state management and screen routing architecture in App.tsx; implemented authentication, theme support, and Motion animations.

My Profile – Developer Portfolio Platform | React 19, TypeScript, Vite, Tailwind CSS v4, Motion, Lucide React Architected and developed a responsive single-page developer portfolio showcasing skills, projects, education, background, and contact channels.

- Designed modular components for project cards, dynamic skill tags, and portfolio sections.
- Integrated Lucide icons and Motion transitions for navigation, hover effects, and section animations.
- Implemented responsive layouts and dark/light theme support.

NoTo-website – Student Material | HTML

- Created a simple, clean website focused on student needs and student-related content.
- Used HTML for structure and presentation.

Student_To_Do_app | JavaScript

- Built a daily task-management application for adding and tracking a to-do list.
- Designed to help organize study-related tasks.

Calculator-app-with-React | React, JavaScript

- Built a web-based calculator with interactive UI components.
- Created to practice React skills and math-task interaction
